

Marek Petrik

CONTACT	Department of Computer Science University of New Hampshire Durham, NH	<i>Tel:</i> (+1)-413-230-7479 <i>Email:</i> marekpetrik@gmail.com <i>Web:</i> http://marek.petrik.us
RESEARCH INTERESTS	Machine learning and decision making, reinforcement learning and approximate dynamic programming, robust and risk-averse optimization, applications.	
EMPLOYMENT	<ul style="list-style-type: none">◇ Assistant Professor, Computer Science Department, University of New Hampshire, Durham, NH (August 2016 – present)◇ Research Staff Member, IBM T.J. Watson Research Center, Yorktown, NY (December 2011 – August 2016) <i>(Business Analytics/Solutions) and Mathematical Sciences</i><ul style="list-style-type: none">· Precision agriculture, forecasting and optimization· Online recommender and personalization system· Robust supply chain optimization, revenue management, customer models◇ Postdoctoral Researcher, IBM T.J. Watson Research Center, Yorktown, NY (July 2010 – November 2011) <i>Department of Business Analytics and Mathematical Sciences</i><ul style="list-style-type: none">· Supply chain optimization and disaster response <i>Department of Business Analytics and Mathematical Sciences</i>◇ Research/Teaching Assistant, University of Massachusetts Amherst (September 2005 – June 2010) Resource bounded reasoning lab◇ Researcher and Developer, Whitestein Technologies (October 2003 – August 2005) Optimization of large-scale production and transport processes.<ul style="list-style-type: none">· Research on Multi-agent systems and optimization· Combinatorial optimization for production planning and vehicle routing◇ Programmer, OneTwoTech (June 2001 – June 2003) Design, implementation and evaluation of new technologies for a web-application server, using: Advanced .NET Framework, COM+, MS SQL Server, Web Services◇ Programmer SWTeam (July 2000 – July 2001) Implementation of high performance components for client-side data management for multi-dimensional (OLAP) databases using: C++, MS SQL.	
EDUCATION	<ul style="list-style-type: none">◇ University of Massachusetts Amherst, Amherst, MA, USA. (2005 – 2010) Ph.D. in Computer Science: September 1, 2010, GPA: 4.0/4.0 <i>Advisor:</i> Shlomo Zilberstein <i>Thesis:</i> Optimization-based Approximate Dynamic Programming <i>Committee:</i> Shlomo Zilberstein, Andrew Barto, Sridhar Mahadevan, Ana Muriel, Ronald Parr	

- ◇ **University of Massachusetts Amherst**, Amherst, MA, USA. (2005 – 2008)
M.Sc. in Computer Science, May 2008, GPA: 4.0/4.0
- ◇ **Univerzita Komenskeho**, Bratislava, Slovakia. (2000 – 2005)
B.Sc. in Computer Science, graduated: June 2005
Major in *Artificial Intelligence and Parallel Algorithms*
GPA: 3.84/4.0 Graduation thesis: *Learning Parallel Portfolios of Algorithms*
